Town of Vernon Wildfire Preparedness Plan

INTRODUCTION

Over 600 of Utah's communities have been classified as "at risk" of wildfire. The safety of the citizens of any community and the protection of private property and community infrastructure is a shared responsibility between the citizens; the owner, developer or association; and the local, county, state and federal governments. **The primary responsibility, however, remains with the local government and the citizen/owner.**

The purpose of wildfire preparedness planning is to...

- Motivate and empower local government, communities, and property owners to organize, plan, and take action on issues impacting the safety and resilience of values at risk
- Enhance levels of fire resilience and protection to the communities and infrastructure
- Identify the threat of wildland fires in the area
- Identify strategies to reduce the risks to structures, infrastructure and commerce in the community during a wildfire
- Identify wildfire hazards, education, and mitigation actions needed to reduce risk
- Transfer practical knowledge through collaboration between stakeholders toward common goals and objectives

Outcomes of wildfire preparedness planning...

- Facilitate organization of sustainable efforts to guide planning and implementation of actions:
1. Fire adapted communities 2. Resilient landscapes 3. Safe and effective fire response
- Improve community safety through:
 - ✓ Coordination and collaboration
 - ✓ Public awareness and education
 - ✓ Firefighter training
 - ✓ Fuel modification
 - ✓ Improved fire response capabilities
 - ✓ Fire prevention
 - ✓ Development of long-term strategies

RESOURCES

For resources to complete a wildfire preparedness plan for your community, consider organizations such as the following:

- ✓ Local / Primary fire protection provider
- ✓ Local Resource, Conservation and Development Districts
- ✓ Utah Division of Forestry, Fire and State Lands
- ✓ Utah State Fire Marshal (Dept. of Public Safety)
- ✓ Utah Division of Emergency Management
- ✓ Utah Living With Fire
- ✓ Local fire agencies
- ✓ Local emergency management services
- ✓ USDA Forest Service
- ✓ U.S. Department of Interior Agencies
- ✓ Utah Resource Conservation Districts
- ✓ Utah Soil Conservation Districts

STATEMENT OF LIABILITY

The activities suggested by this template, associated checklist and guidance document, the assessments and recommendations of fire officials, and the plans and projects outlined by the community wildfire council, are made in good faith according to information available at this time. The Utah Division of Forestry, Fire and State Lands assumes no liability and makes no guarantees regarding the level of success users of this plan will experience. Wildfire still occurs, despite efforts to prevent it or contain it; the

Town of Vernon Wildfire Preparedness Plan

intention of all decisions and actions made under this plan is to reduce the potential for, and the consequences of, wildfire.

Last revised March 2016

This document provides the outline for and specifies the information recommended for inclusion in a wildfire preparedness plan. **Completed Community Wildfire Preparedness Plans should be submitted to the local Area Manager or Fire Management Officer with the Utah Division of Forestry, Fire and State Lands for final concurrence.**

Page Intentionally Left Blank

Town of Vernon Wildfire Preparedness Plan

PLANNING OVERVIEW

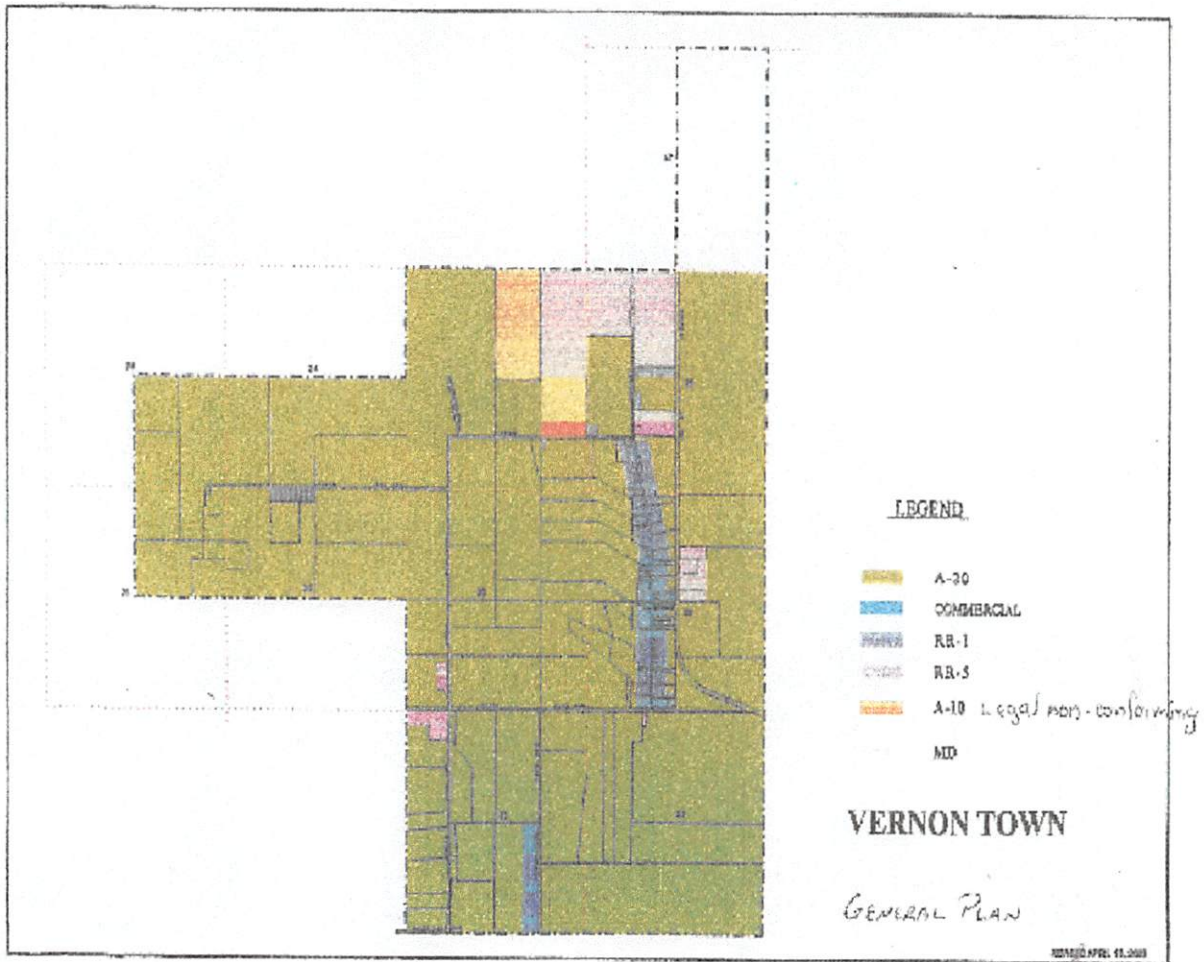

Briefly describe the overall planning process that took place to complete this plan. Be sure to include a timeline of the events/meetings, the organizations and partners that participated, a description of why this planning process was initiated, and the overall intended outcome of the process, and how outcomes were accomplished. This is much like the information described above (purpose and outcome) but tailored to your community. If desired, please acknowledge any individuals or organizations that were essential to accomplishing the final plan.

March 8, 2018 was the first community planning meeting with 9 members of the community attending and discussing the CWPP and how residents turn in their fire prevention actions with the In Kind Tracking offered through the Department of Natural Resources web site. February 5 2019 CWPP Community Planning Meeting 7pm to 8:30 pm Attendees: Kristee Castagno; Rodney Manzione; Dan Walton; Katie Gible; Sharleen Manzione; 1st community meeting to plan and assign areas for completion of the Vernon CWPP. A large group met on March 25 2019 CWPP meeting to finalize the community's plan and their names are on this plan. We received information used in this plan from town residents, The Vernon Utah Livestock Project, DNR, The Forest Service, BLM and the Tooele County Fire Warden. The project was started with the first 2 meetings of the Emergency Preparedness program through the Church of Jesus Christ of Latter Day Saints and the Town of Vernon. They are going to be co-partners in the event of any major emergency in the town. The purpose of this plan is to help protect and preserve the way of life in the Town of Vernon in the event of a wildfire incident. The town and its residents are utilizing defensive and proactive measures to reduce the risks involved in a wildfire event. Residents and business owners will accomplish this by removing potential fire fuels around their homes and defensible areas. The Town of Vernon will specifically keep the weeds cut back to a ten foot width on the roadsides surrounding the town. The town will also keep fuel risks surrounding the town buildings and cemetery cut back as a yearly defensible tactic.

Town of Vernon Wildfire Preparedness Plan

PLAN OVERVIEW MAP Area of Interest

(insert an overview map of the area of interest/community/municipality/county including a buffer of greater than 1,000 yards)

Town of Vernon Wildfire Preparedness Plan

Town of Vernon Wildfire Preparedness Plan

PARTNERSHIPS AND COLLABORATION

Briefly describe surrounding lands and the partners involved in coordinating the fuels treatments identified in the CWPP. This section can be added to as new projects and partners are developed. Community buy-in and desires to support and move these projects forward is critical to overall success.

The community of the Town of Vernon is adjacent to BLM & National Forest land with dense cheatgrass, patches of dense juniper trees, sage grouse habitat and sage brush covering the surrounding land. These fuels can contribute to a fast over running fire that could cover many miles in a short amount of time. The fuelbreak project on Forest Service land that is adjacent to the Town's borders is in progress and is updated yearly and maintained. Home and landowners are being encouraged to build fuel breaks and defensible areas surrounding their properties and homes. The Town of Vernon is maintaining a 10 foot wide weed reduction path along the main roadways in the town as well as defensible areas surrounding the fire station and the cemetery. The Town of Vernon has contracted out the mowing of weeds in a path adjacent to the town roadways with a ten foot width for the next two years. The local fire department is assisting residents in burning fuels that residents have identified needing to be cleared. Landowners have been encouraged to make fuel breaks along the fence lines of their properties surrounding the Town's borders. Town residents are encouraged to keep track of their defense preparations by utilizing the In Kind Tracking site available through the State Department of Natural Resources.

Town of Vernon Wildfire Preparedness Plan

PART I COMMUNITY DESCRIPTION

Community Legal Structure			
List the government entities associated with the community – city, town, unincorporated community, special service district, homeowner association(s), other.			
Organization	Contact Person	Phone Number	E-mail
Town of Vernon	Mayor Dennis Clark	4358309019	mayor.vernon@yahoo.com
Vernon Fire Department	Chief Joe Mannino	8018310089	vernon.ut.firedept@
Vernon Special Water District	Darrell Holden	4358393464	vfourbar@gmail.com
Vernon Elementary School	Jalynn Livingston	4358393407	jalynnblivingston@gmail.com
Latter Day Saint Church	Luke Thomas	4358408826	lukethomas21@gmail.com

Population	
Approximate number of homes	317
Approximate number of lots	96
Approximate number of commercial entities	2
Approximate number of full-time residents	79
Approximated number of part-time residents	3
<i>Notes/comments: There are 12 vacant houses and 2 not rented residences. There are 6 seasonal, recreational, or occasional use homes. The average family size is 7.</i>	

Restricting Covenants, Ordinances, etc. (Attach as appendix)	
For example, home association bylaws may have requirements regarding building construction materials or vegetation removal, or regarding access in a gated community.	
Source	Details
Vernon Planning & Zoning Commission	Ordinances are in place for building sizes, setbacks and area coverage.

Town of Vernon Wildfire Preparedness Plan

Access
Directions to community
SR36, Lookout pass, Faust Road, Sharps Road, are the main access routes for the Town of Vernon; South on SR36 to Castagno Road @ mm21 then west on Castagno Road to Main Street; North on SR36 to Sharps Road. then west on Sharps to Main Street; North on SR36 to Castagno Road. then west on Castagno Road to Main Street; Lookout Pass east to Sharps merge with Sharps Road, then continue east to Main Street.
All-weather access
State Road 36 is a paved roadway going north and south. The town of Vernon has a looped paved road of 4.5 miles with partially paved roads connecting to this loop within the town borders.
Seasonal access
Seasonal traffic cannot access town from Lookout Road if muddy or with snow conditions. SR36 does not have snow plow coverage from 10 pm to 6 am. Lookout can be closed due to snow and mud.

Roads

PART II:

RISK ASSESSMENT

Estimated Values at Risk	
Provide an approximation of the estimated current values of residential and commercial property in the area. The County Assessor should be able to assist with this information.	
Estimated values at risk of commercial and residential property	\$21,998,066 for parcels 5 and 32. (3 parcels are commercial with value of \$143,718, included.)
Year	As of June 2019

Natural Resources at Risk
Describe the natural resources at risk in the area, such as watershed, forest products, wildlife, recreation tourism, etc.
Grouse habitat, Wet land that flows through the north half of the town. Irrigation water.

The following information is based on the Communities At Risk (CARs) list that was developed cooperatively at the local and state level to assist land management agencies and other stakeholders in determining the scope of the WUI challenge and to monitor progress in mitigating the hazards in these areas. This information is updated annually through the interagency fuel groups. Input the fields that are reflected on the state list found on our website at forestry.utah.gov.

Fire Occurrence: Number of fires in the area for the last 10 years <u> 2008 </u> to <u> 2019 </u>			
☐	0	No Risk	
☐	1	Moderate	0 to 1 fire/township
☐	2	High	2 to 14 fires/township
☐	3	Extreme	Greater than 14 fires/township
Rating	3		<input type="button" value="Reset Option Buttons"/>

Town of Vernon Wildfire Preparedness Plan

Area Fire History			
Month/Year of fire	Ignition point	Ignition source	Acres burned
May 2018	143 N Main St	Juvenile started small fire in back yard.	Less than 1
June 2017	175 E Sharp Road	Electricity Pole Fire	Less than 1

Fuel Hazard: Assess the fuel conditions of the landscape and surrounding the community			
☐	0	No Risk	
☐	1	Moderate	Moderate to low to control, fire intensities would generally cause moderate damage to resources based on slope, wind speed and fuel. Vegetation Types: Ponderosa pine/mountain shrub, grassland, alpine, dry meadow, desert grassland, Ponderosa pine, Aspen and mountain riparian.
☐	2	High	High resistance to control, high to moderate intensity resulting in high to moderate damage to resources depending on slope, rate of spread, wind speed and fuel loading. Vegetation Type: Maple, mountain shrubs, sagebrush, sagebrush/perennial grass, salt desert scrub, Black Brush, Creosote and Greasewood.
●	3	Extreme	High resistance to control, extreme intensity level resulting in almost complete combustion of vegetation and possible damage to soils and seed sources depending on slopes, wind speed, rate of spread and fuel loading.
Rating	3		Reset Option Buttons

Values Protected: Evaluate the human and economic values associated with the community or landscape, such as homes, businesses and community infrastructure.			
☐	0	No Risk	
●	1	Moderate	Secondary Development: This would be seasonal or secondary housing and recreational facilities.
X	2	High	Primary Development: This would include primary residential housing, commercial and business areas.
	3	Extreme	Community infrastructure and community support: This would be water systems, utilities, transportation systems, critical care facilities, schools manufacturing and industrial sites. It may also include valuable commercial timber stands,

Town of Vernon Wildfire Preparedness Plan

			municipal watersheds and areas of high historical, cultural and/or spiritual significance which support and/or are critical to the well-being of the community.
Rating	2		Reset Option Buttons

Insurance Rating	
Provide the current insurance rating for the community	
ISO Fire Insurance Rating:	10

Protection Capabilities: Insurance Services Organization (ISO) rating for the community will serve as an overall indicator of the protection capabilities.			
☐	1	Moderate	ISO Rating of 6 or lower
☐	2	High	ISO Rating 7 to 9
☐	3	Extreme	ISO Rating 10
Rating	3		Reset Option Buttons

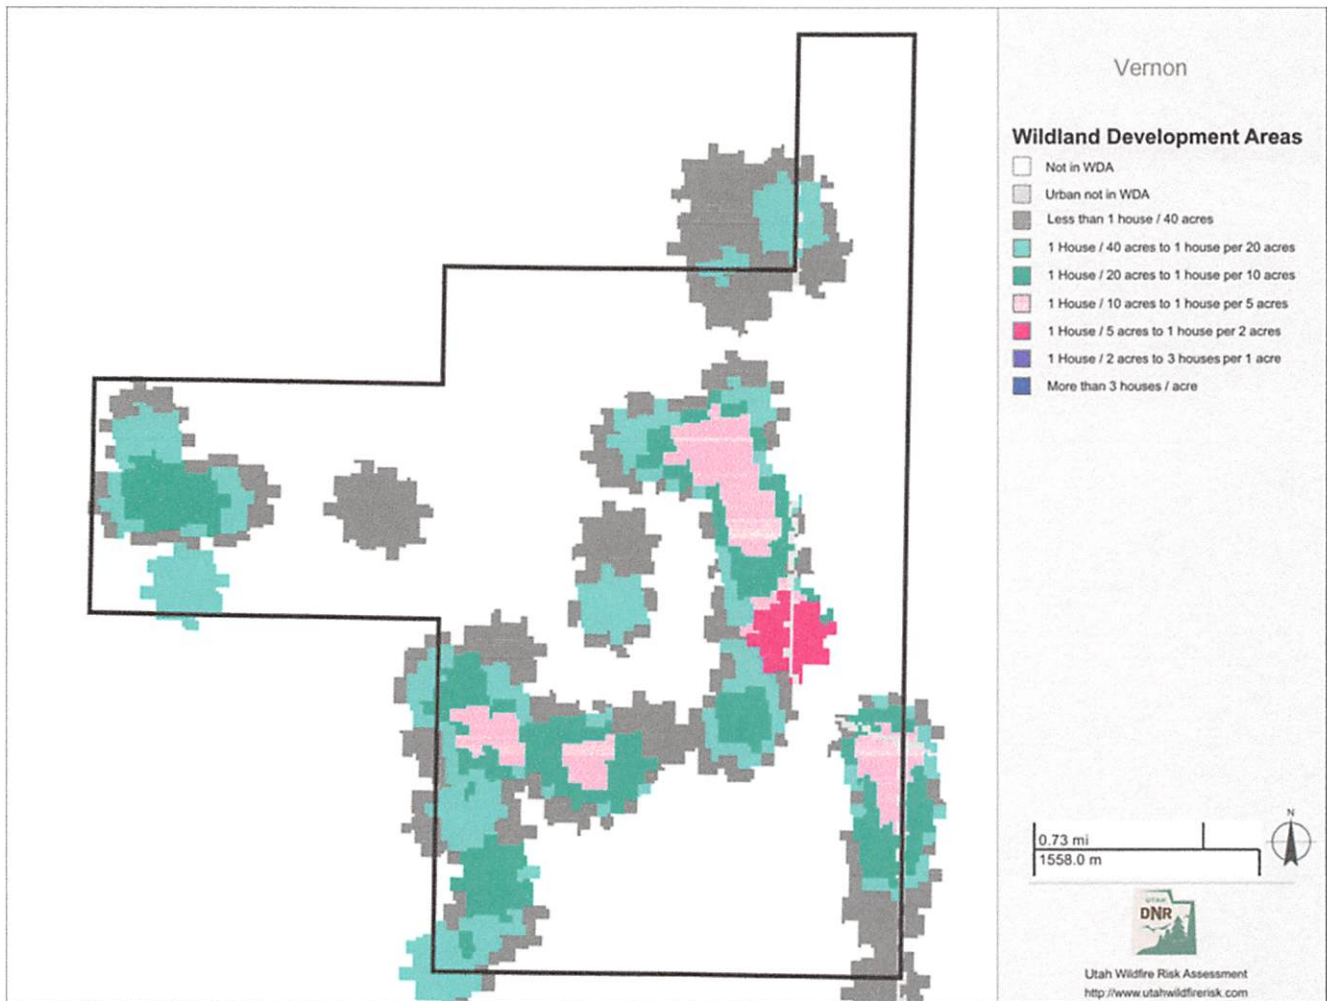

Fire Occurrence	Fuel Hazard	Values Protected	Fire Protection Capabilities	Overall Rating
3	3	2	3	11
Total: 4-7 Moderate, 8-11 High, 12 Extreme				

Update Changes

The following information is based on the Utah Wildfire Risk Assessment Portal (UWRAP) and Area of Interest (AOI) Summary Reporting Tool. Reports are generated using a set of predefined map products developed by the West Wide Wildfire Risk Assessment (2012) project. The UWRAP provides a consistent, comparable set of scientific results to be used as a foundation for wildfire mitigation and prevention planning in Utah.

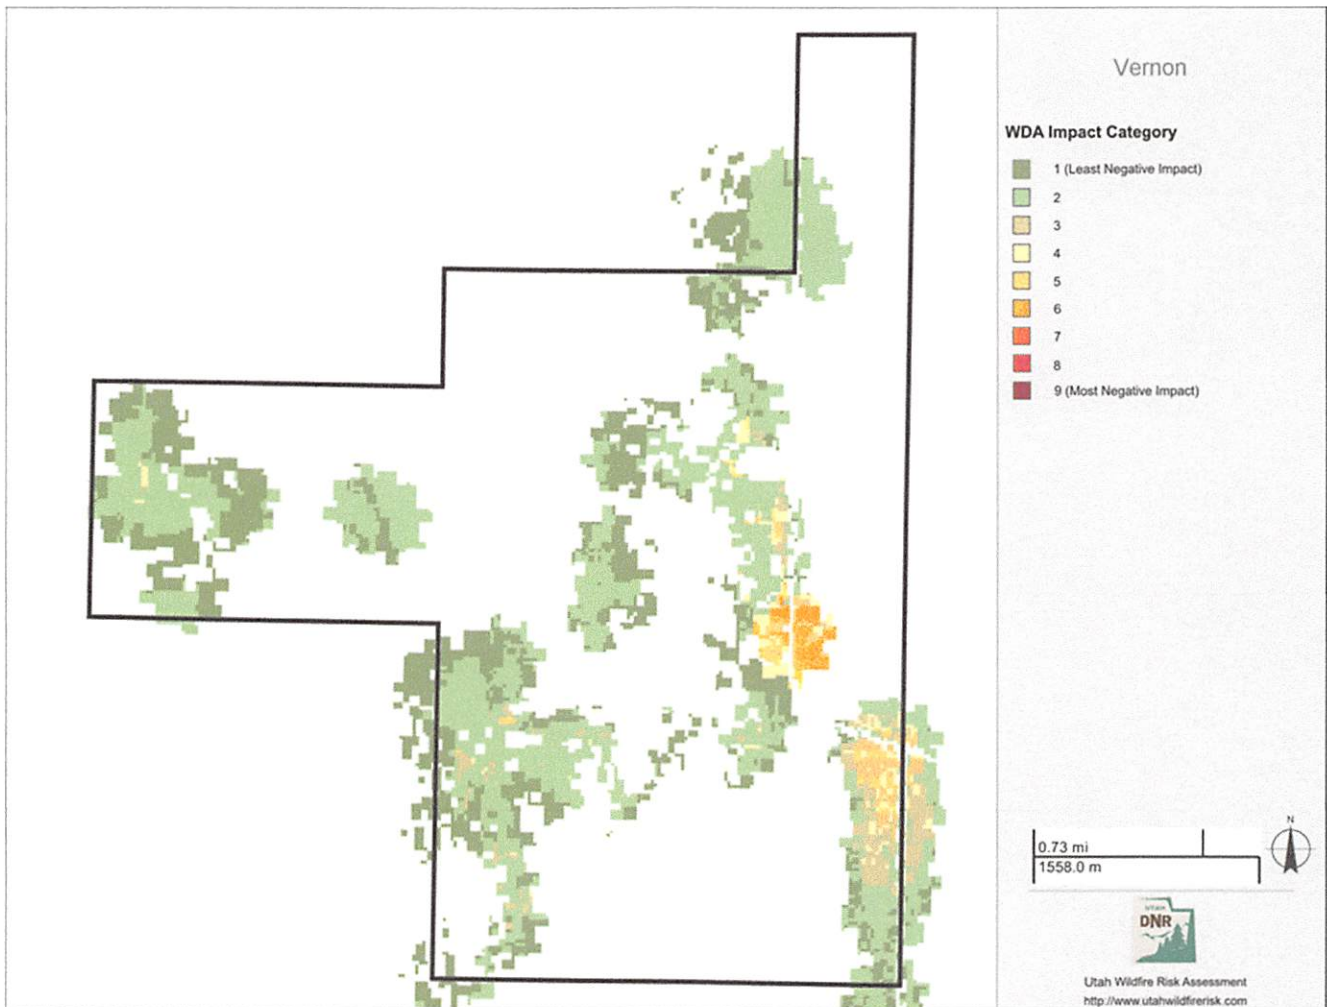

Town of Vernon Wildfire Preparedness Plan

Wildland Development Areas (WUI): Data set is derived using modeling techniques abased on the Where People Live and population count data available to government agencies from the Department of Homeland Security.

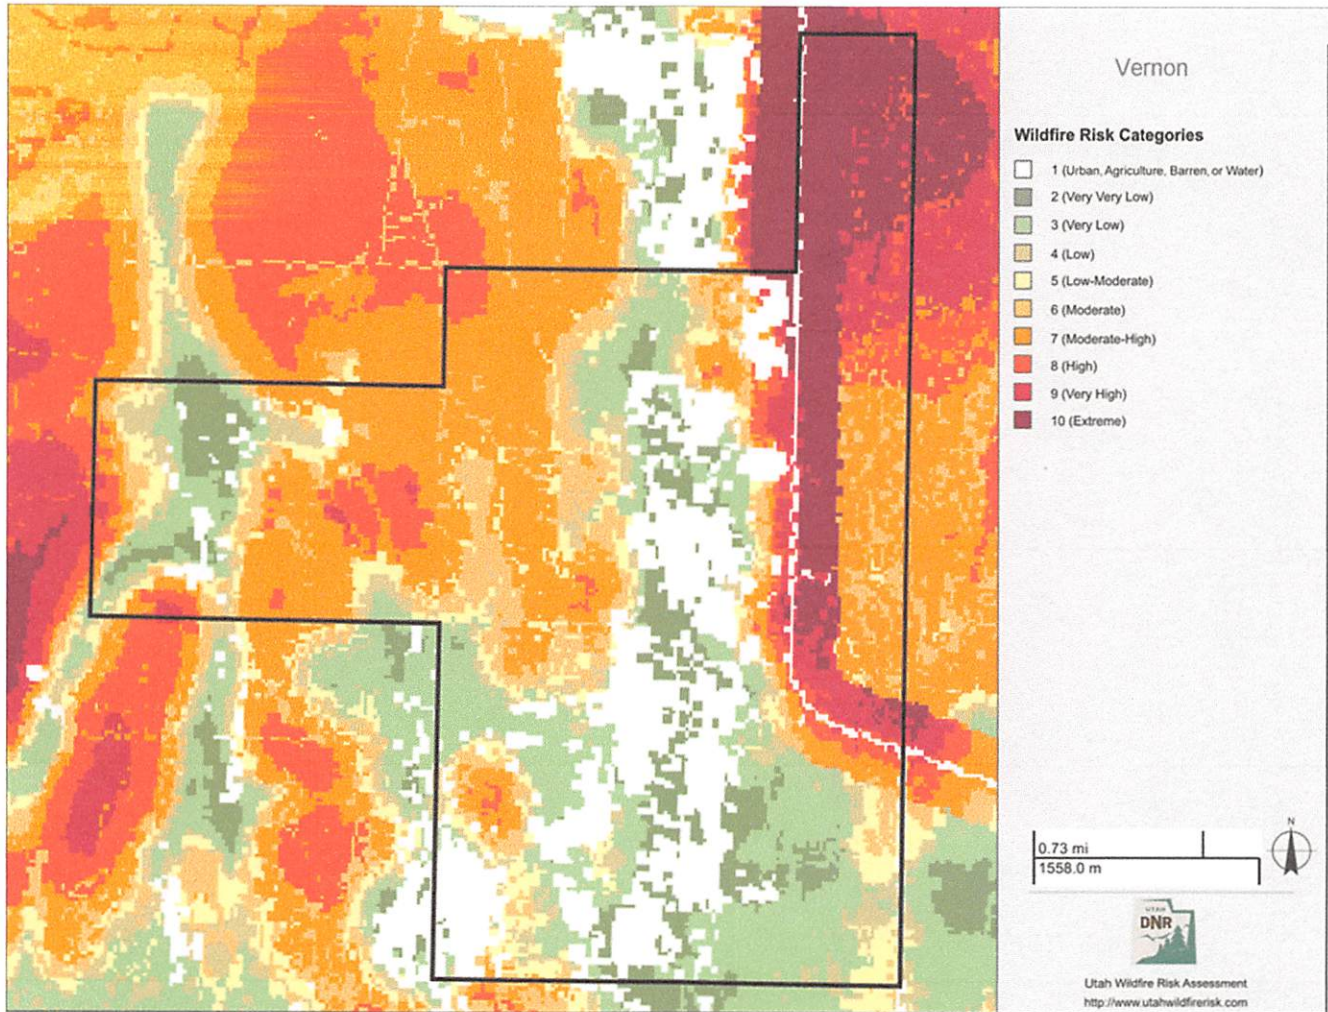

Town of Vernon Wildfire Preparedness Plan

Wildland Development Area (WUI) Impacts: Data set is derived using a Response Function modeling approach. To calculate the Wildland Development Area Impact Response Function Score, the Wildland Development Area housing density data was combined with flame length data and Response Functions assignments to represent potential impacts.

Town of Vernon Wildfire Preparedness Plan

Wildfire Risk: combines the likelihood of a fire occurring (Threat), with those of areas of most concern that are adversely impacted by fire (Fire Effects). Wildfire Threat Index is derived from historical fire occurrence, landscape characteristics including surface fuels and canopy fuels, percentile weather derived from historical weather observations and terrain conditions. Fire Effects are comprised of Value Impacts and Suppression Difficulty.

	Total Acres AOI for each Category with the percentages added		
	WUI	WUI Impacts	Wildfire Risk
Low (1-4)	2375 / 45.7%	1311 / 92.1%	2326 / 44.8%
Moderate (5-7)	1981 / 38.2%	113 / 7.9%	1974 / 38.0%
High (8-10)	839 / 16.2%	0 / 0%	895 / 17.2%

Including maps from the UWRAP report may also be beneficial in this section. Consider using the following as an example.

Town of Vernon Wildfire Preparedness Plan

- Location Specific Ignitions
- Ignition and Fire occurrence density
- Water Impacts
- Rate of Spread
- Suppression Difficulty
- Fire Effects

Suppression Difficulty:

Town of Vernon Wildfire Preparedness Plan

Past Accomplishments	
Prevention	<ul style="list-style-type: none"> • <i>4 community meetings for the CWPP. Materials handed out for defensible areas of residences. .</i> • <i>Formed an active CWPP committee that meets twice a year, composed of residents, Mayor and Fire Dept. (2017-2019).</i>
Preparedness	<ul style="list-style-type: none"> • <i>Completed a community wildfire protection plan (CWPP) in 2019.</i> • <i>FEPP truck acquisition for fire department including a five ton truck to be converted to a wildland fire engine.</i> • <i>VFD volunteers training in wildland firefighting including S-190, S-130 and chainsaw training. Additional equipment is being acquired from the county for wildfire suppression.</i>
Mitigation	<ul style="list-style-type: none"> • <i>Since 201, community has contributed approximately \$7000 of in-kind service,</i> <i>*Weed control on roadways and clearing of weeds around signage.</i> <i>*Emergency planning for defensible space around residences.</i>
Maintenance	<ul style="list-style-type: none"> • <i>Tool boxes added to fire trucks.</i> • <i>Upgraded 2 fire trucks.</i> • <i>Town is contracted with provider for roadway weed control twice yearly.</i>

Town of Vernon Wildfire Preparedness Plan

PART III: RISK REDUCTION GOALS/ ACTIONS

Goals of Plan: Provide a brief statement under the Prevention, Preparedness, Mitigation and Maintenance goals. These should align with the pillars of the National Cohesive Strategy and the Utah Catastrophic Wildfire Reduction Strategy (1. Resilient Landscapes 2. Fire Adapted Communities 3. Wildfire Response).

Identification of Actions: Provide detailed project information. These projects/actions can be mapped/tracked in the Utah WRA portal and should be consistent with a Cooperative Agreement in compliance with the Wildfire Policy if applicable.

GOAL A: PREVENTION – Activities directed at reducing the occurrence of fires, including public education, law enforcement, personal contact.

Goal A.1 –			
Action(s):	Timeline:	Community Lead:	Priority:
Yearly education at the Vernon Elementary	March	Fire Chief	High
CWPP committee meetings	Bi-annual	Fire Chief	High
Information sent out with water bills and posted at the Silver Sage Store & the Post Office.	As needed	Mayor	Med
<i>Notes, updates, and monitoring</i>			

Town of Vernon Wildfire Preparedness Plan

GOAL B: PREPAREDNESS – Activities that lead to a state of response readiness to contain the effects of wildfire to minimize loss of life, injury, and damage to property. Including access to home/community, combustibility of homes/structures and creating survivable space.

Goal B.1 – Evaluate, upgrade and maintain community wildfire preparation			
Action(s):	Timeline:	Community Lead:	Priority:
Emergency preparedness meetings held by the LDS Church and Town	Twice yearly	Mary Blausen	High
Town Council meetings for road repair	Continual	Mayor	High
<i>Notes, updates ,and monitoring</i>			

Goal B.2 – Educate community members to prepare for and respond to wildfire.			
Action(s):	Timeline:	Community Lead:	Priority:
Training and materials handed out at the Emergency Preparedness meetings.	Twice yearly	Mary Blausen	High
VFD community breakfast with fire prevention information handouts and town cleanup dumpsters brought in.	Yearly	Vernon Fire Chief	High
<i>Notes, updates ,and monitoring</i>			

Town of Vernon Wildfire Preparedness Plan

Goal B.3 – Address identified regulative issues impacting community wildfire prevention and response needs.			
Action(s):	Timeline:	Community Lead:	Priority:
<i>Notes, updates ,and monitoring</i>			

Goal B.4 – Evaluate response facilities and equipment.			
Action(s):	Timeline:	Community Lead:	Priority:
Building tactical tender	May 2019	Joe Mannino	High
Replace old hose	TBD	Joe Mannino	High
<i>Notes, updates ,and monitoring</i>			

Town of Vernon Wildfire Preparedness Plan

GOAL C: MITIGATION – Actions that are implemented to reduce or eliminate risks to persons, property or natural resources including fuel treatments and reduction.

Goal C.1 – Decrease fuels within the community to reduce wildfire impact in and around the community.			
Action(s):	Timeline:	Community Lead:	Priority:
Mowing sides of roadways within town limits	Twice yearly	Mayor	high
Control burns with fire dept at cooperating landowners location.	As needed	Fire chief	high
Structural and defensible space evaluations as requested.	As needed	Fire chief	high
Seasonal grazing	Mar-Nov	Individuals	high
<i>Notes, updates ,and monitoring</i>			

Goal C.2 – Work with local, state and federal fire officials to decrease fuels on private and adjacent public lands to reduce wildfire intensity and impact in and around the community.			
Action(s):	Timeline:	Community Lead:	Priority:
Mastication of juniper trees	2019	Forest Service/DWR	high
Lop and scatter	2019	Forest Service	High
<i>Notes, updates ,and monitoring</i>			

Town of Vernon Wildfire Preparedness Plan

GOAL D: MAINTENANCE – the process of preserving actions that have occurred including fuel treatments and reduction.

Goal D.1 - Regularly evaluate, update and maintain project commitments.			
Action(s):	Timeline:	Community Lead:	Priority:
Assessment of projects being completed to determine if any further action is needed.	annually	Town Council	high
Review CWPP bi-annually	Bi-annually	CWPP Committee	high
<i>Notes and updates</i>			

Town of Vernon Wildfire Preparedness Plan

PART IV: CONTACTS

The contacts in this part identify community resources that can be used to complete the goals of the plan.
